

APOMIXIA: ASPECTOS ECOLÓGICOS, ESTRUTURAIS E FUNCIONAIS

Nível: Mestrado acadêmico

Obrigatória: Não

Carga horária: 30h

Número de créditos: 2

Ementa: A presente disciplina apresentará uma síntese da apomixia nas angiospermas, buscando ampliar o conhecimento do aluno quanto aos aspectos estruturais, funcionais e evolutivos relacionados a este tipo de reprodução, ressaltando ainda seu significado ecológico e econômico.
